Here, we list some of the most inspiring female gardeners and garden designers in British history for International Women's Day

There are many incredible women who have, and are still dominating the world of gardening, so for International Women's Day we've listed some of the key, female garden designers in British history that still influence the way we garden today, alongside some of the top women garden designers who are currently succeeding in the industry. [Read our piece on the key dates of women in gardening.](#)

Ann-Marie Powell

Ann-Marie Powell's design practice offers a combination of impeccable hard landscaping and colourful and inventive planting. She has also designed a number of high-profile show gardens and has a shelf of medals to prove it. “I really believe, as the landscape architect Thomas Church said, that gardens are for people and as a designer I can open their eyes to a wonderful pleasure that will stay with them for the rest of their lives.”
